Professional Experience

Performance Senior Executive @ PlayAh! / Full-time

Dec 2024 - Aug 2026

- Scaled TikTok Shop revenue from tens of millions to billions of VND per month by building a KOC booking engine, developing AI-powered character channels, and continuously testing UGC, AI sales videos, and new content angles.
- Built performance dashboards across Meta Ads, TikTok Ads, and Google Ads, tracking key metrics including Spend, Revenue, ROAS, CPA, CAC, CTR, and Conversion Rate to support faster budget decisions and day-to-day campaign optimization.
- Owned website revenue growth through a multi-channel paid media strategy across Google, Facebook, and TikTok, with a strong focus on profitability and maintaining ROAS above market benchmarks.
- Grew Facebook-driven revenue by 3x and redesigned the sales conversion flow with AI-assisted customer handling, improving Fanpage conversion rate by 30%+.
- Partnered with the Creative team to rebuild the website end to end, from structure and messaging to the overall conversion experience.
- Worked closely with the Brand team to develop creative assets for paid media campaigns across multiple platforms.
- Collaborated with the Affiliate team to develop content briefs and sales-driven TikTok Shop content pillars, with a focus on formats that could directly contribute to revenue growth.
- Coached and trained team members responsible for TikTok Ads and Meta Ads, covering campaign structure, performance analysis, creative testing, budget optimization, and scaling.

Key Achievements (2025-2026)

- Increased website revenue by 10x within 3 months through a multi-channel paid media strategy combining Google Performance Max, Search, TikTok Spark Ads, and Meta Website Conversion campaigns.
- Increased TikTok Shop revenue by 20x within 2 months through KOC/UGC partnerships, AI-generated sales content, and continuous testing of content angles to identify scalable winning formats.

Digital Marketing Executive @ WorkFlow Space / Contract

May 2024 - Present

- Built and optimized full-funnel Paid Media strategies, covering customer acquisition, conversion, and retargeting, while reallocating budgets based on campaign efficiency and contribution margin.
- Contributed to the company's brand repositioning across digital channels, helping improve conversion rates by more than 15% across Facebook and Google.
- Worked closely with the IT team to rebuild the website and optimize the end-to-end booking journey, from initial service discovery to registration and final conversion.
- Partnered with the Design team to develop and test more than 100 creative assets using a test-and-learn approach across content angles, formats, visuals, and messaging.
- Analyzed funnel performance to identify conversion drop-offs and bottlenecks, allowing the team to prioritize budget and resources around activities with the strongest business impact.

Key Achievements (2024-2025)

- Led Performance Marketing campaigns supporting the company's expansion into new locations, generating more than 5,000 trial registrations for co-working spaces and private pods during the launch of the Go Vap and District 8 branches.
- Led the acquisition campaign for Next Wave Startup, attracting more than 50 startup teams to register for the program.

Digital Marketing Executive @ TOMATO Children's Home / Full-time

Mar 2023 - May 2024

- Develop and execute integrated 360° marketing strategies across paid media, CRM, social media, content, landing pages, and offline channels, contributing to nearly 2x growth in student enrollment.
- Lead performance marketing and creative optimization across Facebook and Google, improving media efficiency while reducing cost per lead by approximately 60%.
- Drive creative testing across social media, landing pages, and OOH, improving CTR by approximately 85% through continuous testing of audiences, messaging, and formats.
- Build and optimize email automation and lead nurturing journeys, maintaining 60%+ open rates while supporting stronger conversion across the customer lifecycle.

Key Achievements (2023)

Scaled monthly student enrollment by nearly 3x while reducing CPL by ~30% and increasing CTR by ~55% through media optimization, funnel improvements, and continuous creative.

Search Engine Optimize Executive @ POPS World Wide / Full-time

Mar 2022 - May 2023

- Developed and continuously refined SEO strategies based on search trends, algorithm updates, and market-specific opportunities.
- Conducted in-depth competitor analysis across different markets to identify keyword gaps, content gaps, technical weaknesses, and untapped organic growth opportunities.
- Provided SEO consulting and technical guidance to cross-functional teams across the organization, helping ensure consistent SEO practices across markets.
- Partnered with the Data team to build dashboards and reporting systems for tracking Organic Traffic, User Growth, Rankings, Conversion, and other key SEO metrics.
- Worked closely with Product and Technology teams to develop the Technical SEO Roadmap, define priorities, and drive implementation against agreed timelines.
- Managed SEO roadmaps across both regional and local markets, with a focus on Technical Performance, Content Quality, and Link Building.
- Combined search data, user behavior insights, and landing page performance to identify new growth opportunities across POPS' digital products.

Key Achievements (2021-2022)

- Supported the development and launch of **POPS Kids Learn**, acquiring more than **10,000 new users within 4 months** in a highly competitive education market.
- Grew monthly users for **POPS.VN by 10x**, reaching approximately **2.5 million users per month** compared with 2020.
- Built and grew **POPS Kids** as a new digital product, attracting nearly **400,000 new users within 6 months** of launch.
